Exams: There will be two midterm exams, on Wednesday 9/24/2022 and Wednesday 11/26/2022. The final exam will be on Friday, December 19, 8:00-10:00 pm. All exams are going to be taken in class, room 359 PHSC.

Homework: There will be weekly assignments, to be handed in on Friday at the beginning of the class. Please hand in your homework on time; late assignments cannot be accepted.

Final grade: final exam 40% + midterm 20% + midterm 20% + homework 20%

Students with Disabilities: Any student having a disability that may interfere with the demonstration of his or her abilities should contact me as soon as possible to arrange accommodations necessary to ensure full participation in the course.

Grade of Incomplete: The grade of “I” is a special-purpose grade given when a specific task needs to be completed to finish the course work. This is typically a term paper or other special assignment, so rarely makes sense in a mathematics course. An “I” cannot be given to avoid a low grade in cases where the course work is not strong.
